

Exeter Community Strategy: Key elements of the vision

ECS Vision

Place

- All communities have access to good meeting space and other facilities

Facilities

- There is sufficient and suitable social and private housing for everyone

Housing

- There is high quality transport infrastructure - including roads, interchanges

Transport

- Everyone can access good public transport within 1 mile

- All the city has a clean and healthy environment

Environment

- There are exciting and well-used community spaces

People

Inclusion

- Communities have a voice and make a difference

- Communities maintain their identity while being networked

- People from different groups feel included

Education

- For the whole community

Health

- Active communities - health and fitness

- Everyone has the chance to have fun

Economy

- Economic wellbeing and a living wage for everyone

Access to services

- Families facing challenges have the support they need

Information

- Communities know what others are doing
