					separate LSG
7.	Digby	Digby Community Association currently serves an area defined by the triangle formed by the A3015 Rydon Lane, A379 Sandy Gate Link Road and the Sidmouth Road, albeit that the residential area has until recently only extended up to the eastern side of the Exmouth branch line. This includes the Rydon Park residential home site. There are new and proposed developments adjoining Digby at Bishops Court and Middlemoor and we believe that there are currently no formal community groups serving the Copperfields, Broadfields and other residential areas within the St Loyes ward to the east of Rydon Lane, so we would like to extend the activities to these areas to either help them set up their own groups or potentially extend the geographical remit of Digby Community Association.	New developments in St Loyes – Bishops Court, east Rydon Lane.	2.5 days for 2 years, start Sept 2017.	1 day , start Sept 2017 *
Other areas identified by Steering group and local councillors
